

# Brainstorm & idea prioritization

Brainstorm is nothing but confusion here we make our team to get rid of these brainstorm even we did not sit in the same room

- 10 minutes to prepare
- **1 hour** to collaborate
- **2-8 people** recommended

## Before you collaborate

We need to know little about our project (inventory management system for retailers) there are many applications on this project just go and visit those and get an idea about it

should make our ideas to be shared among us and the

Set the goal

according to the discursion we should split and work on our goals only to setting will not complete the project so we should work on it. the things should be done within the time line

Learn how to use the facilitation tools

Attend the classes fully , get knowledge about the tools which will be clearly explained there if you have any doubt in any of that lets discuse and solve it.

#### Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the

5 minutes

focus of your brainstorm.

**PROBLEM** How might we [your problem statement]?

Key rules of brainstorming To run an smooth and productive session

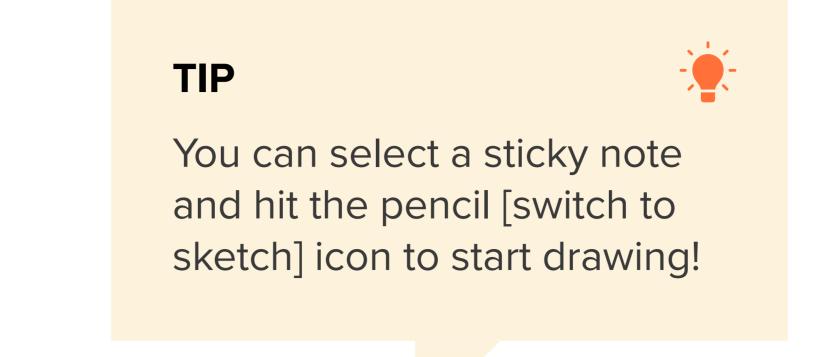

### Brainstorm

Write down any ideas that come to mind that address your problem statement.

① 10 minutes

Person 1

To give an clear stock count	stock management	fast moving stocks
demanding stocks should be identified		

#### Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

① 20 minutes

Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.
